**Administered by - Cigna Health and Life Insurance Co.**  
**For - Rady Children's Health**  
**Network**  
**Full Network**  
**Effective - 01/01/2026**

**Selection of a Primary Care Provider** - This Plan requires the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. Until you make this designation, Cigna designates one for you. For information on how to select a primary care provider, and for a list of participating primary care providers, visit [www.mycigna.com](http://www.mycigna.com) or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

**Referrals are required for a specialist visit** - Your PCP must submit a referral for you to visit a specialist, except to seek care from in-network OB/GYN or for behavioral health services. If you visit a specialist outside of your network you will be responsible for the entire cost.

**Direct Access to Obstetricians and Gynecologists** - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit [www.mycigna.com](http://www.mycigna.com) or contact customer service at the phone number listed on the back of your ID card.

## In-Network

- **Cigna 90 Now CVS:** Retail drugs for a 30-day supply may be obtained in-network at a wide range of pharmacies across the nation although prescriptions for a 90-day supply (such as maintenance drugs) will be available at select network pharmacies. Walgreens will be considered out-of-network for a 90-day supply.
- Cigna 90 Now Program: You can choose to fill your medications in a 30- or 90-day supply. If you choose to fill a 30-day prescription, it can be filled at any network retail pharmacy or network home delivery pharmacy. If you choose to fill a 90-day prescription, it must be filled at a 90-day network retail pharmacy or network home delivery pharmacy to be covered by the plan.
- This plan will not cover out-of-network pharmacy benefits.
- Specialty medications are used to treat an underlying disease which is considered to be rare and chronic including, but not limited to, multiple sclerosis, hepatitis C or rheumatoid arthritis. Specialty Drugs may include high cost medications as well as medications that may require special handling and close supervision when being administered.

## Pharmacy Program Information

### Pharmacy Clinical Management: Essential

Your plan features drug management programs and edits to ensure safe prescribing, and access to medications proven to be the most reliable and cost effective for the medical condition, including:

- Prior authorization requirements
- Step Therapy on select classes of medications and drugs new to the market
- Quantity limits, including maximum daily dose edits, quantity over time edits, duration of therapy edits, and dose optimization edits
- Age edits, and refill-too-soon edits
- Plan exclusion edits
- Current users of Step Therapy medications will be allowed one 30-day fill during the first three months of coverage before Step Therapy program applies.
- Your plan includes Specialty Drug Management features, such as prior authorization and quantity limits, to ensure the safe prescribing and access to specialty medications.
- For customers with complex conditions taking a specialty medication, we will offer Accredo Therapeutic Resource Centers (TRCs) to provide specialty medication and condition counseling. For customers taking a specialty medication not dispensed by Accredo, Cigna experts will offer this important specialty medication and condition counseling.

### Clinical Day Supply Program

Your plan includes the Clinical Day Supply Program for specialty drugs which provides a balance between specialty drug waste control and improved therapy adherence. During a stabilization period, certain specialty drugs, dispensed by a Cigna designated specialty pharmacy, may be limited to less than a consecutive 90-day supply. Further, for some drugs with a very high risk for early discontinuation, a split-fill (either 14 or 15 days), may be dispensed. Your cost share will be prorated to reflect the actual days' supply dispensed.

### Patient Assurance Program

Your plan includes the Patient Assurance Program, which waives the deductible and reduces the amount you owe for certain medications used to treat chronic conditions included in the program. Additionally:

- Any amount you pay for these medications only count toward meeting your out-of-pocket maximum.
- Any discount provided by a pharmaceutical manufacturer for these medications only count toward meeting your out-of-pocket maximum.

## Additional Information

### Case Management

Coordinated by Cigna HealthCare. This is a service designated to provide assistance to a patient who is at risk of developing medical complexities or for whom a health incident has precipitated a need for rehabilitation or additional health care support. The program strives to attain a balance between quality and cost effective care while maximizing the patient's quality of life.

### Healthy Pregnancies/Healthy Babies

- Care Management outreach
- Maternity Case Management
- Neo-natal Case Management

\$150 (1st trimester) / \$75 (2nd trimester) - Option 3

## Additional Information

### Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the in-network cost-sharing level as required by applicable state or federal law if services are received from a non-participating (out-of-network) provider.
2. The allowable amount used to determine the plan's benefit payment for covered Emergency Services rendered in an out-of-network hospital, or by an out-of-network provider in an in-network hospital, is the amount agreed to by the out-of-network provider and Cigna, or as required by applicable state or federal law.

The member is responsible for applicable in-network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the out-of-network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

### Medicare Coordination

In accordance with the Social Security Act of 1965, this plan will pay Secondary to Medicare Part A and B as follows:

- (a) a former Employee such as a retiree, a former Disabled Employee, a former Employee's Dependent Spouse and/or Dependent Child(ren), including a former Employee's Domestic Partner, or a COBRA continuant (whose insurance is continued for any reason), and who is also eligible for Medicare due to age or disability;
- (b) an Employee's Domestic Partner who is also eligible for Medicare due to age;
- (c) an Employee, a former Employee, an Employee's or former Employee's Dependent Spouse and/or Dependent Child(ren), an Employee's Dependent, including a Domestic Partner, who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

When a person is eligible for Medicare A and B as described above, this plan will pay as the Secondary Plan to Medicare Part A and B **regardless if the person is actually enrolled in Medicare Part A and/or Part B and regardless if the person seeks care at a Medicare Provider or not for Medicare covered services.**

### Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

## Exclusions

### What's Not Covered (not all-inclusive):

Your plan provides for most medically necessary services. The complete list of exclusions is provided in your Certificate or Summary Plan Description. To the extent there may be differences, the terms of the Certificate or Summary Plan Description control. Examples of things your plan does not cover, unless required by law or covered under the pharmacy benefit, include (but aren't limited to):

- Care for health conditions that are required by state or local law to be treated in a public facility.
- Care required by state or federal law to be supplied by a public school system or school district.
- Care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- Treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- Charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or Pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without Cigna's express consent, then Cigna in its sole discretion shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.
- Charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related state or federal law.

  - o not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;
